## SUMMARY

---

As a Bachelor in Control and Automation Engineering with 4+ years of experience in the tech industry, I have a strong foundation in software development and project management. My previous experience includes working for a consultancy firm where I helped to build and grow a software development team from 1 to 8 members in just one year. In my latest experience, I worked for a WEB3 startup where I built crypto products.

## EDUCATION

---

Universidade Federal de Santa Catarina

July 2015 - September 2021

Bachelor in Control and Automation Engineering

## SKILLS

---

**Software:** JavaScript, Typescript, HTML, CSS, SASS, LESS, Python, SQL, React, Next.js, MySQL, PostgreSQL, GCP, AWS, GIT, Docker, TailwindCSS, Styled Components, Material UI, Chakra UI, Bootstrap, NPM, Node.js, ESLint, Prettier, Pixel Perfect, Jest, Cypress, React Testing Library, Scrum.
